

## CP 011

### Water-based cleaner

**CP 011** is a water-based cleaning with a non-obnoxious odour that meets VOC emission standards. It is suitable for washing metal substrates, plastic substrates, primed substrates and previously painted surfaces that have been abraded.

The main purpose of the water remover is to get rid of hard water deposits, minerals and grinding abrasion residue.

For best results, the product should be applied by spraying with an atomiser.

The product is available in 5-Litre tins.

PACKAGING	
Volume	Collective packaging
5 l	4 pcs.

ENVIRONMENTALLY  
FRIENDLY

REMOVES DUST,  
HARD WATER  
DEPOSITS

EFFICIENT

FOR ATOMISER  
APPLICATION
